Dt:28-12-2021

### CIRCULAR

Sub: - PAC meeting of A.Y. 2020-21 II Semester-Reg.

This is to inform all the members of the Program Assessment Committee (PAC) that a review meeting is scheduled on 04-01-2022 at 1:00pm in Seminar Hall, Block 1, II Floor. The following details of A.Y. 2020-21, II-Sem. and 2021-22 I Sem. are to be discussed in the meeting. The proposed activities for 2021-22 II Sem. are also to be presented.

### Agenda:

- Result Analysis of 2020-21 II semester for II, III and IV year B.Tech-CSE
- CO Attainments of 2020-21 II Semester courses
- · Review of assessment process and targets.

### 2021-22 I Sem.

- · Department Achievements
- Student Activities
- Faculty Activities
- · Internships, Mini and Major project analysis
- · Training and placements
- · Incubation cell and Club activities

Dr. A.Sree Lakshmi HoD-CSE

### GEETHANJALI COLLEGE OF ENGINEERING & TECHNOLOGY

### **Department Of Computer Science Engineering**

Minutes of Meeting of Program Assessment Committee (PAC) held on 04/01/2022

Venue: Seminar Hall, Floor II,Block 1

Duration: 2:00 pm - 3.30 pm

### Agenda:

- Result Analysis of 2020-21 II Sem. for II, III and IV B.Tech CSE
- CO Attainments of 2020-21 II Semester courses
- Review of assessment process and targets.

A.Y. 2021-22 I Sem.

- Department Achievements
- Student Activities
- Faculty Activities
- Internships, Mini and Major project analysis
- Training and placements
- Incubation cell and Club activities
- Feedback on Curriculum

### **Points Discussed:**

At the outset, Dr A Sreelakshmi, Head of the CSE department welcomed all the PAC members to the meeting. An overview of the activities performed by the Programme Assessment Committee was given and members of the PAC were introduced.

1. Head of the department, Dr A Sree Lakshmi made known the Department Achievements in the academic year 2021-22 I Semester.

The following points were highlighted:

Established MoU with Virtusa, Center of Excellence for Artificial Intelligence Managed Services(AIMS-AIOps) on 1st November 2021.

| Facult | y Achievements     |                        | ,                               |      |   |
|--------|--------------------|------------------------|---------------------------------|------|---|
| 1      | Dr. A. Sreelakshmi | Professor              | Session<br>chair                | 2021 | International conference on Evolutionary Computing and Mobile Sustainable Network |

| 3      | Dr. Krishna Jyothi | Associate<br>Professor | Best Paper<br>Research<br>Award | 2021 | Sree Nidhi Institute of Science and Technology                                    |
| 4      | Dr. Puja S Prasad  | Associate<br>Professor | Convener                        | 2021 | ICDSMLA 2021  |

### 4. Students' Related Activities of 2021-22 I Semester

- Less number of events was conducted as students were unable to participate due to the pandemic.
- Mentors may take the responsibility of collecting the achievements of their mentees at the end of every month.
- 5 Workshops/Guest Lectures Conducted by the Department during AY 2021-22 I Sem.
- 7 training programs are held during AY 2021-22 I Sem.
- 5 Professional Body (IEEE) Events are conducted during AY 2021-22 I Sem.

### • Student Achievements:

### 5. Faculty related activities

- It may be observed that the number of faculty events, paper publishing in this semester is comparatively good than last year.
- Faculty are encouraged to participate in more FDPs, workshops, courses(NPTEL, Coursera) and work towards to achieving awards and recognition.
- More papers in journals and conferences must be published. Patents must be applied for.
- The number of projects sanctioned and consultancy is Nil this year also. Professors and senior faculty are requested to try to get their projects sanctioned.
- It has been suggested that incentives for faculty may be increased.
- More number of FDPs may be planned for the II Semester 2021-22.

| 5 | Dr. Puja S Prasad       | Associate<br>Professor | Session chair | 2021 | ICMISC 2021   |
|---|-------------------------|------------------------|---------------|------|---|
| 6 | Dr.KamakshaiahKo<br>lli | Associate<br>Professor | Reviewer      | ,    | 2nd International Conference on<br>Advances in Computer<br>Engineering and Communication<br>Systems |

- Patents published: 5
- Project proposals submitted:4
- 65 students have registered and 10 have been certified by EPAM.
- 108 students have done their internships out of which 48 students received stipend.
- 96 students have participated in Manthan 2021: Hackathon event conducted by the Police department with the theme of "Lets Code for National Security"
- 61 students have participated in Ideathon.
- 22 students have participated in IEEE Ideathon 2021.
- Details of department achievements given in Annexure A.

### 2. Result Analysis of 2020-21 II Semester:

- II Semester results of B.Tech CSE II, III and IV for the Academic year 2020-21 are reviewed.
- i. Overall pass percentage in II B.Tech II Sem CSE is 70.63%, which has increased by 7.5% compared to the previous semester.
  - The pass percentage of all courses except Design and Analysis of Algorithms was considerably good. The overall pass percentage of Design and Analysis of Algorithms is 79.6% with one section having only 60.38%. It has been observed that section D has less percentage in all subject compared to the other sections. It has been suggested that students be made to practice well and remedial classes may be conducted.
- ii. Overall pass percentage in III B.Tech I Sem CSE is 80.88%, which has increased by 7.66% compared to the previous semester. The pass percentage of all courses except Web Technologies are above 80%. The overall pass percentage of WT is 83.19%withC section having only 71.7%.
- iii. Overall pass percentage in IV B.Tech I Sem is 93.56%, which is increased by 15.71%. It is an improvement compared to previous batch of students. The least contribution is by Machine Learning with 92.2%.
- iv. The results have been satisfactory.
- v. The pass percentages of I-IICSE is comparatively good. PPS-II attained 82.92%.

### 3. CO Attainments of 2020-21 IISem courses:

- The course attainments of academic year 2020-21 for II Semesters have been reviewed. The courses which could not attain the target of 2.1 were identified and the reasons and action taken have been
- Attainment of Mid 1 was higher compared to Mid 2 as it was objective type and conducted online whereas Mid 2 was question answer type and was conducted offline. Students are unable to attempt the questions as they were to the point and needed in depth knowledge of the subject.
- Students must be given more numbers of objective questions which may be included as part of the
- Lab evaluation must be done regularly and scrupulously.
- CO-PO mapping must be checked by course coordinators before submission of the course files.
- Question paper evaluation must be done thoroughly by the course coordinator, course faculty and group head before submission for external evaluation.

### 6. Project Report

Academic Year: 2021 -2022

Semester: I

Class: IV CSE A/B/C/D/E

Mini projects conducted towards the attainment of the program outcomes to be reviewed.

Total No. of Projects: 85

No. of multidisciplinary projects: 63

No. of projects useful to the society: 85

No. of projects which improve analytical thinking, creativity and innovation:85

No. of projects which will facilitate employability: 85

No. of projects published in Scopus Indexed Journals/Conferences: NIL

• Encourage students to work on projects which are innovative, model based and useful to the society.

- Executes true support molecule to policiology their propose to Scorpus Indicated Source(s) archeomers.
- Bigher Studies and Plantauer Information

- It may be observed that the number of students placed has been increasing and the average salary but site gens up from 6.1 labble in 2020-21 to 6.4 labble in 2021-22 in 1 Semester. The average valuey is expected to go higher by the end of II Semester.
- · The median safary is a halde which is some as last year.
- The number of students going for higher studies is expected to go up.
- It has been abserved that if trainings were started early it, in 2-1, students would be much more bourfland.
- Conveying information to students properly is also very important.
- List of mainings and companies are listed in American C

### 4. Inculiation Call and Club Activities

- \* Industrial sincenship summer training. There have been to industrial visits owing to the pandemic.
- It has been suggested that incubation sell activities must be increased.
- As proof of insulation activities are maintained at the sullage level, the same proofs must be maintained at the department level too.
- Course level Propert Beset Learning must be implemented immediately.
- Use department has established as MOU with the Virtusa Conton of Excellence for Artificial Intelligence Managed Services(APMS-APOps) on his Newsonther 2021 to facilitate students to analogic various realing activities.
- Illigation to some and a 2024-224 Somestor
  - » Maintain 2021 Shekathor event conducted by the Police department with the theme of "Letz Code for National Security"
  - a transmission
  - a tadam melanian
  - a literation organised to OCTT like Pitching
  - is likewither Mills organisms by MAR chapter
- 37 students had interestic epperhance with Cognisum.
- 14 incubation activities have been conducted during 2071-72.1 Semicates
- The CSE department has entered into an aproximent with companies and conducted training for partial defenses of the Courses. The department site organized training programs related to current industry pends and demands and the trainers are outcomend from industry.
- 7 september and 1 workshop has been organized during 2021-22 | Seminator

- 1 workshop on Robotics have been conducted for faculty by Robotics Learning and Development center -Smart Bridge.
- Virtusa AIMS Training was given to students by Virtusa Technology Services

### 9. Coding Club

- Coding event Output Unlockers was conducted on 07/11/2021in which a set of 30 MCQs are given.
   Students needed to trace the code and select the desired output.17 Students were short listed candidates of Output Unlockers and given prizes.
- Action Plan for AY 2021-22:

| Date Of Event | Event Name                              | Description Of an      | Department |
|---------------|---|------------------------|------------|
|               |   | Event                  |            |
| January'2022  | Mish Mash Harmony                       | A set of programs will | CSE        |

### 10. Feedback on Curriculum:

Course Coordinator Inputs :

| Year             | Subject name  | Recommendation for course improvement   | Recommendations to PAC and BoS         |
|------------------|---|---|--|
|                  | Design and Analysis of Algorithms                       | . Required mathematical knowledge in  |  |
| II Year - II Sem | Computer Organization and Assembly Language Programming | 1.Peer learning     2. More student presentations   |  |
|                  | Database<br>Management<br>Systems                       | More practical experiments are included, spend more time in practicing normal forms         |  |
|                  | Theory of Computation                                   |   | Pumping lemma topic should be included |
|                  | Web Technologies  | Insisted the students to practice more on servlets, JSP and JDBC                            |  |
| III<br>Year -    | Cloud Computing   | Conduct the guest lectures on virtualization concepts                                       |  |
| II Sem           | Machine Learning  | NPTEL Videos, implementing machine learning algorithms in mini projects and major projects. |  |

# Inputs from External and Internal Faculty:(Suggestions and implementations)

- Establish labs for elective courses and design the projects in multi disciplinary areas. Improving the Programming skill set basically in C language and Python Programming. All core subjects are framed for final years, which are not valid as they cannot give time for
- preparation- so frame according to respective years.
- Keep a track of employee skills that are sought after.
- Projects can be made mandatory for each course in emerging areas.
- Practical knowledge should be given more priority & more project works to added.
- The curriculum should include topics relevant to digital era.
- Should be experimental learning.
- Based on the needs of the industry, the syllabus need to be framed.

| awarded | % of recruiters awarded | Recruiter Survey Question  |
|         |                         |  |

- V The recruiter survey analysis of 2021 graduated batch is fairly good
- $\mathbf{V}$ form filled. The number of inputs from recruiters is very less. Faculty may be sent to the recruiters and get the

### **Graduate Survey**

- It might be helpful in the career if we get to know more of programming languages than some other non-core.
- Monthly based projects on core subjects instead of regular assignments. Languages like French and German would help the outgoing students.

### Alumni Survey

- Curriculum was well framed.
- Subjects including latest technologies are required to be added
- More of programming-oriented subjects are required.

# Suggestions and Action Points:

- More number of Global certifications may be given to students
- Oracle certification to be finalized for 2021-22
- than 6lakhs per annum and no. of students with a salary between 3 to 5 lakhs especially those being trained by Smart Interviews. It has been suggested that the report of students placed must reflect the no. of students getting more
- 4 participated in each event. Student related activities must reflect the number of events conducted and number of students
- S scrupulously. All faculty must be aware of CO-PO mappings and complete the process of course assessment
- 6 Course coordinators are instructed to submit the analysis report regarding the Course Attainments.
- Encourage students to work on projects which are innovative, model based and useful to the society
- Faculty may support students in publishing their projects in Scopus Indexed Journals/Conferences.
- 9 Faculty to participate in more FDPs, workshops, courses(NPTEL, Coursera), publish more patents, papers in journals and conferences
- 10. Professors and senior faculty to try to get their projects sanctioned.
- 11. It has been suggested that incentives for faculty may be increased.
- 12. More number of FDPs may be planned for the II Semester 2021-22.
- As part of Coding Club activity, it has been suggested that students who are placed in companies must be invited or prepare a short video to share their experience and inspire the students.
